Table of Contents

Solution compatibility

The following table provides compatibility information for HP and third-party solutions on a select set of LaserJet printers, MFPs, digital senders and scanners. Certified Gold and Platinum partner solutions are highlighted in blue. Please contact your HP sales representative for more information about solution certification and to ensure compatibility with your specific system.

Improve workflow								
Capture and workflow								
HP Digital Sending Software Improve core business processes. Digital sending streamlines critical business document handling and integrates with existing IT infrastructures to maximize return, mitigate risk and improve performance.								
Available Worldwide								
AccuRoute by Omtool² Omtool's AccuRoute enables the capture, conversion, communication, and archiving of documents to any destination in any format, simultaneously.								
NA								
eCopy ShareScan Increase office productivity by automating paper-intensive processes, empowering users to unlock information trapped in paper easily and securely.								
NA • EMEA • AP								
Kofax Capture³ Kofax Capture automates information capture from scanned paper or imported electronic documents. The entire document or extracted data is then routed to an archive or your business workflow.								
NA • EMEA • AP								
Kofax Front Office Server Kofax Front Office Server seamlessly connects HP Multifunction printers (MFPs) with the key systems that drive an organization's business processes.								
NA • EMEA • AP								
ImageQuest mfp (IQmfp) by Informa Software IQmfp offers small business or workgroups feature-rich, but simple electronic filing. Document management that's affordable, powerful and very user friendly.								
NA								
OnBase Leverage HP MFPs to electronically capture, manage, and route paper-based information while automating the way it moves through your organization.								
NA • EMEA • AP								
ReadSoft INVOICES⁴ INVOICES reads, interprets and exports the information on all kinds of invoices (paper, fax, pdf, XML, etc.).								
NA • EMEA (UK only)								
ReadSoft Invoices Cockpit Suite⁵ ReadSoft Invoices Cockpit Suite is the control center for all incoming invoices into SAP, automating the Accounts Payable process and matching and posting all invoices information into SAP.								
NA • EMEA (UK only)								
Forms automation								
FormPort Server by Capella Technologies^{6, 7} Transform documents from legacy ERP applications, streamline business processes, maximize your hardware and software investments, and reduce printing expenses.								
NA • EMEA								
FormPort Flash by Capella Technologies Free your office from impact printers and pre-printed forms when you use your HP LaserJet printer or MFP device to convert out dated documents into professional, graphics-rich documents.								
NA • EMEA

Forms automation continued

FormPort Archive by Capella Technologies

FormPort Archive provides the easy and efficient way to electronically store documents.

NA • EMEA

Output management: High-volume printing

ClusterQue by LBM Systems

Ensure print job delivery, reduce printing costs and increase employee efficiency using ClusterQue software to dynamically route and deliver print output.

NA • EMEA • AP

Manage environment

Job accounting

HP Access Control Printing Solutions: Job Accounting^{7,8}

HP Access Control Printing Solutions: Job Accounting provides the ability to track detailed print, scan, copy and e-mail usage by device, user, department or cost center. This solution accounts for print jobs more effectively and aids in forecasting, internal billing and cost recovery.

Available Worldwide

EasyReport by EPSoft

EasyReport helps clients to manage and control usage of their printers. As a result of improving control, they have managed to keep costs of consumables low, enjoying significant cost savings.

AP

Equitrac Office by Nuance

Increase accountability and control print volumes and cost with automatic, error-free, allocation of document output costs to users and departments.

NA • EMEA

Equitrac Express by Nuance

End print waste, generate print revenue, and make every student, faculty member, and employee accountable for every page they produce.

NA • EMEA

Equitrac Professional by Nuance

Realize your full cost recovery potential with automatic matter-centric tracking allocation, and billing of every client-related document and disbursement.

NA • EMEA

FollowMe by Ringdale

Significantly reduce printing costs by tracking every printed page and provide a seamless link between output devices, accounting and cost recovery system.

NA • EMEA • AP

MegaTrack by Capella Technologies

Target waste and boost efficiency when you monitor, manage and maximize your printing resources.

NA • EMEA

MegaTrack In-Printer Agent (MIPA) by Capella Technologies

Enhance accuracy and accountability by monitoring printer and MFP activity inside the device.

NA • EMEA

Host printing

DocOut by MPI Tech

DocOut is a software product for conversion of IBM Host print data to support any HP LaserJet network based printer.

NA • EMEA

BlueServer by MPI Tech

Manage your IBM Host documents on LAN-attached HP devices. Distribute AFPDS, IPDS and SCS jobs throughout the enterprise. Blue Server will print, archive, fax, or e-mail.

NA • EMEA

HostCom by MPI Tech

The most flexible solution for direct connection of industry standard laser and matrix printers to IBM systems.

NA • EMEA

LinkCom by MPI Tech

This external print server supports IPDS and SCS/DCA data streams with full color option and Parallel, USB or network printer connection.

NA • EMEA

HP Universal Print Driver

HP Universal Print Driver

Use a single driver for instant access to virtually any HP printer or MFP —at home, in the office, or on the road.

Available Worldwide

Paper handling

TowerTray by DPI

This modular solution is available in a 2-, 3- and 4-tray configuration, extending a printer's tray capacity to a maximum of 8 input trays, holding 500 sheets each.

NA • EMEA • AP

Fonts and barcodes

HP LaserJet Barcode solutions¹⁶

Use your HP LaserJet printer to print barcodes for business processes such as shipping or inventory management

Available in NA only

HP LaserJet MICR solutions¹⁷

Use your HP LaserJet printer checks.

Available in NA only

HP LaserJet Custom Font solutions¹⁶

Use Custom HP Font solutions for signatures, company logos, or for any combination of fonts that your business requires.

Available in NA only

HP IPDS Emulation solutions

IBM printing capabilities using HP LaserJet printers.

Available in NA only

Asian Fonts by JITCO Co. Ltd.

Asian Fonts provides Asian 2 byte Fonts (PCL). It supports SAP printing and Unix Host printing.

NA • AP

BarDIMM Pro by Jetmobile

Customers can easily add barcodes to documents without investing in specialty printers, thanks to the BarDIMM Pro intelligent barcoding solution.

NA • EMEA

Footnotes

- HP CM8050/8060 Color MFP with Edgeline Technology devices are supported for configuration of embedded Digital Sending features only
- Requires Embedded AccuRoute for HP OXP for integration
- Requires Kofax Front Office Server
- Requires HP MFP Remote Scan
- Requires INVOICES for integration
- Requires FormPort Flash
- Also compatible with CP5525 and CM4540mfp
- Requires HP Statistics Module 1.0 for CP5525, CM4540mfp and SJ7000N
- Requires Pharos iMFP for integration
- Requires SafeCom GO HP for integration
- Requires PC Release Station
- Also compatible with P2015 and P2055
- Also compatible with P2015, P2035/P2055
- Also compatible with P2055
- LaserJet-based MFPs require DSS for send-to-LAN Fax
- Also compatible with P2050 and CP2020
- Also compatible with CP2020

Supplemental Guide for Scanner Compatibility

	7000	7500	9000	N9210
